“Taking reso Test series proved to be a good step I have taken.First of all.....the chapterwise tests have helped a lot to test myself in a given chapter...and then ofcourse all india tests that were conducted once in a 2 week give a proper idea of where i stand.Also, test Qs were directed towards concept clarification...so in a whole , it has helped me a lot”

“It has been a really good journey with Resonance for me. I found the test series of DLP to be very relevant for jee mains and adv. After the test the interface instantly shows the result along with the comparison to the class and also marks the weak points. I think this feature is really helpful. The regular tests have helped me a lot to score a good percentile in jee mains and I convey my gratitude from the bottom of my heart to Resonance”
